PROPOSED REVISED RATES FOR THE SINGLE INTER-STATE ROAD TAX STICKER (SIRTS) AND THE SINGLE HAULAGE FEE (SHF)

The Appraisal and Technical Committee (A&TC) of the Board met on the 23rd of June 2023 to deliberate on issues related to the seamless implementation of the Single Inter-State Road Tax Sticker (SIRTS) and the Single Haulage Fee (SHF) initiative.

During the session, the committee identified, amongst other items, the need to upwardly review the rates for the SIRTS and SHF. This was based on feedback received from some States Internal Revenue Service stating that the rates are rather too low when compared to applicable rates for the stickers prior to the introduction of the JTB SIRTS and SHF initiative.

Additionally, similar feedback was received from profiled Vendors and Enforcers from the States notifying the JTB of the urgent need to review the rates for the SIRTS and SHF.

In view of the above, the A&TC has reviewed the rates and is hereby proposing the following revised rates for the consideration of the Board:
